The News Sheet

North London Society of Model Engineers

January
Special web only edition

You can only see this News Sheet by visiting our web site at
www.nlsme.co.uk

As you know we don't usually publish a January news sheet. This year however I received a considerable number of amazing pictures of the track during the cold spell we had just before Christmas. If I waited to the next edition it would be a little late and secondly not enough room for all of them. So, I decided a web only special was in order. These pictures are best appreciated in colour and the NLSME web site is the place to view them.

I have not provided captions but I must thank Peter F. and Nigel G. for sending them to me.

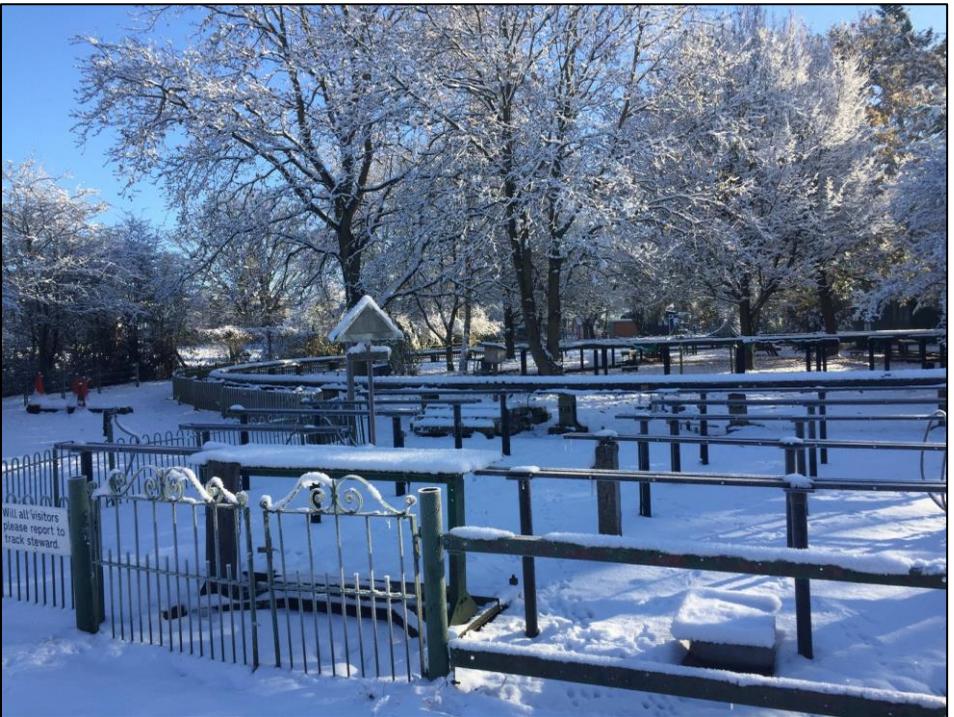

I hope you enjoy seeing them as much as I did. Please tell members of your sections to take a look on the web site.

The next full edition will be issued on 1st February 2023..

Articles long or short on any subject which would be of interest to members of NLSME will be gratefully received for inclusion in the February edition. If you don't want to put pen to paper but have a suggestion for a topic which is of interest let the editor know and we will do the rest. Happy New Year

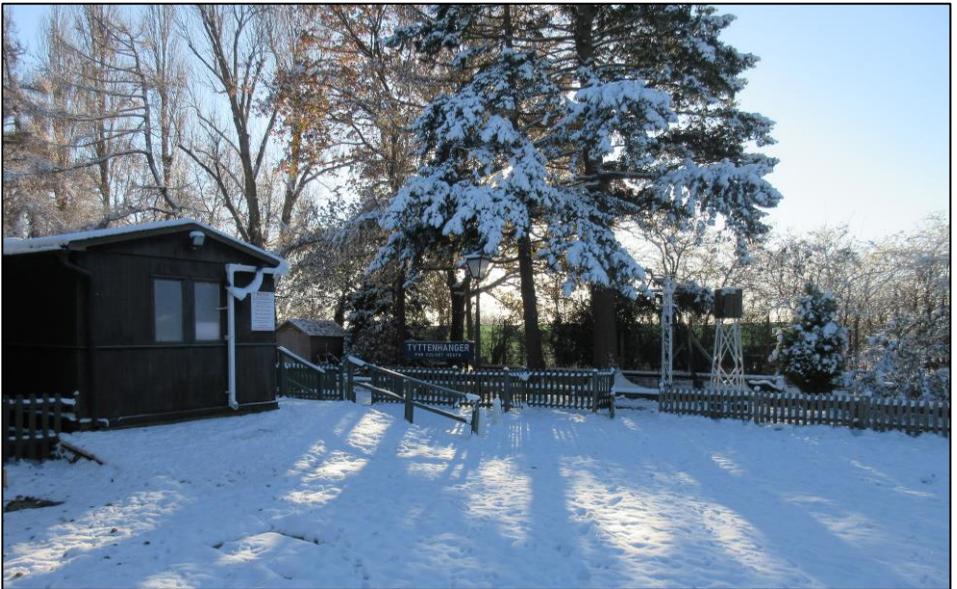

Keith H. – News Sheet Editor
